

San Diego Polymer Clay Guild presents...

Master Caning – In a Day

with

Teresa Pandora Salgado

Sunday, November 12th, 10-4

Level of Experience: Beginners and up

For more information and to register: Go to <http://sdpcg.com/upcoming-classes>

Tiny Pandora Cane Benders

About the class:

- Location: JOANN's in [Temecula](#)
- Min 12 students, Max 16
- \$94 (+\$3.20 if you're paying online)
- Clay included (order your color at sign-up, by October 12th)
- Each student gets a Tiny Pandora Cane Benders Tool Kit to keep

Student's materials to bring:

- Work surface, with grid desirable
- Personal clay machines and blades
- Deli wrap for transporting canes

- Class-time will be focused on the process and methodology of creating polymer clay canes (See examples below). Students will use their one color of Soufflé clay (along with black and white); learn the cane bender technique; consider aspects of design; create multiple canes; and see project ideas. Door prizes too!
- All methodology is covered in the first few hours and the rest of time will be spent working together and trouble-shooting the common obstacles like scale and composition.
- There will be no baking in this class. Be prepared to transport your class-made canes in raw clay form.
